

GP ELECTRONIC REQUEST FORMS

PM Labels Limited

PM Labels Limited; offering labelling solutions to the National Health Service

Clearing Test Requests

PM Labels have offered quality solutions to the NHS for over 20 years.

The implementation of electronic requesting for Pathology tests has introduced the need for A5 and A4 requests forms that incorporate self adhesive labels.

The sheets can be designed to meet your exact requirements and self adhesive labels can be integrated in any position on the sheet. If needed a strip of

adhesive can be integrated to the top of the sheet allowing the form to be attached to a sample polythene bag. This ensures the form does not become separated from the relevant sample in transit.

The paper is compatible with both laser and inkjet machines that will offer a trouble free solution.

We offer a professional and efficient service. On all printed

forms the design will be proofed prior to production to ensure all aspects of the design are correct .
