

# The Total Printing Solution

PM Labels Limited

PM Labels Limited; offering labelling and wristband solutions to the National Health Service

## Printers, Labels and Ribbons

Over the last 5 years PM Labels have added to the range of products that we offer the NHS.

For over 20 years we have been supplying a wide range of labelling solutions tailored to the NHS, offering thermal printers and a full range of thermal transfer ribbons was a natural progression.

Our range of Zebra printers will offer solutions for small volume handheld print machines to more demanding real time print requirements of a production environment. Backed up by a

full offering of on site maintenance programs.

Printer consumables form an important part of the range including the replacement printheads and of course a full range of thermal ribbons; wax, resin, wax/resin. In addition to our range of Zebra ribbons we are able to offer ribbons for all UK supplied machines in various options.

Compatibility between the printer and the label material and the ribbon is critical in ensuring a quality print, PM offers you the comfort of a

single source responsibility to trouble free in house printing.

Working in conjunction with our systems team we are able to offer a fully integrated print solution including software and scanning equipment.

Call our NHS Sales Team and speak to either Andy or Leonie and discuss your requirements on FREEPHONE 0500 503350.

Visit our NHS dedicated website [www.nhslabels.co.uk](http://www.nhslabels.co.uk) to see the full NHS range of products.
